

SharePoint Lookup Boost Installation Instruction

System Requirements

Microsoft Windows SharePoint Services v3 or Microsoft Office SharePoint Server 2007.

Install

Download SharePoint Lookup Boost from SharePointBoost file website, release the file to a folder, and run "setup.exe".

Note

You must be the SharePoint farm administrator.

Click "Next".

Wait for a few seconds to check system and click “Next”.

After reading License Agreement, click “Next”.

Select one or more web applications and click “Next”.

Wait for installing, click “Next” for more deployment details.

Activation:

Select Site Actions menu **Site Actions ▾** in the root of the site collection, click “Site Settings”.

In “Site Settings” page, click “Site collection features”.

Galleries	Site Administration	Site Collection Administration
Master pages	Regional settings	Search settings
Site content types	Site libraries and lists	Search scopes
Site columns	Site usage reports	Search keywords
Site templates	User alerts	Recycle bin
List templates	RSS	Site directory settings
Web Parts	Search visibility	Site collection usage reports
Workflows	Sites and workspaces	<u>Site collection features</u>
	Site features	Site hierarchy

In site collection features, click “Activate” to activate SharePoint Lookup Boost.

Now, the Lookup Boost is available. Choose a list item, and select “Related information”.

Then, one page will display related information in two categories of all items from which this item looks up, and all items which look up information from this item.

SharePoint Lookup Boost Tutorial

The following tutorial demonstrates how to use the SharePoint Lookup Boost.

There are three lists in site: Customer, Sales, and Order.

“Customer” list has two Lookup columns named “Sales” and “Order.No”.

“Sales” list has a Lookup column named “Order. No”.

“Order” list has two Lookup columns named “Customer” and “Sales”.

In “Customer” List, column “Sales” lookup information from column “Saler” of “Sales” list, and column “Order. No” lookup information from column “No.” of Order list.

In “Sales” list, column “Order. No” lookup information from column “No.” of “Order” list.

In “Order” list, column “Customer” lookup information from column “Customer” of “Customer” list, and column “Sales” lookup information from column “Saler” of “Sales” list.

Customer

New	Actions	Settings	View: All Items			
			Sales	Order.No		
	Brandysoft ! NEW	Brandysoft (Beijing) Co.ltd	086-010-58543216	Brandysoft@brandysoft.net	Tom; Henry	20080927-0001; 20080929-0001
	Xilisoft ! NEW	Beijing Xilisoft Co.ltd	086-010-55443454	xili@xili.com	Bill; Cathy	20080928-0001; 20080930-0001
